Profile In Style has produced some outstanding progeny for us, however he must have been feeling the pinch from 100% colour producer Glacial Gold as he has stepped up the anti with his latest colts!

These guys would be super as solid colours but

These guys must be super to some extent but with their spectacular colouring they are something to behold. Had to throw in an updated pic of Glacial Gold's palomino Thoroughbred filly bottom right.

### **Black Caviar an inspiration to all**

What a tremendous horse and an inspiration to all Australians. I am sure I was not alone when an overflow of emotion came over me watching Black Caviar's fifteen consecutive win. She speaks to all Australians - horse lovers or not - to strive to be your best and do your best. Dare to dream, work hard and don't be afraid to take risks. You never know what you can achieve. (And an understanding bank manager doesn't go astray either!)

### **Who's going to WIN the Cup?**

I don't know though I am going to have a runner in it in five years time. I even know "her" name! Watch this space :- ) (Perhaps these coloured horses have gone to my head?! - or is it the lack of sleep. The horses birthday should be any bloody day it wants to be :-)

### Better Late Than Never

Yes, this newsletter is a bit of a rush so a few more pics to fill in the space.

### Quote worthy of mention

Success is not the key to happiness. Happiness is the key to success. If you love what you are doing you will be successful.
