1. Framed In History (AUS) at the track

INSIDE THIS ISSUE:

Framed In History at the Track 1

We need YOUR help! 2

Sale horse of the month is back.
WITH FREE MONEY!!!! 3

Check these Videos Out 4

Framed In History has been at multiple Group winning trainer Paul Murray's racing stables at Kembla Grange NSW for several weeks and is looking great.

Frank has now arrived back at WCF from his first preparation that went superb. Let's just say we are very pleased with the trainers report and times on the stopwatch.

We have our racing col-

ours (see below). It looks as though the rest of the field will be chasing rainbows!!!

Just want to thank Paul Murray's racing stables for the superb start to Framed

He truly is a one in a million and not just for his coat pattern. I'll be honest and say that he doesn't have Profile's drop dead gorgeous head though from the gullet back he is a type to rival any. With his dam Helaray—a granddaughter of Bletchingly—being a very successful one day eventer (see below) as well as a race winner, he has a huge future

Greasy Heel	5
Slip Catch in foal to	6

If you've never sent a mare to stud before it's easy with our **"All done for you"** package

1. Pickup phone & call us
2. Hang up phone
3. Sit back and relax - we'll do the rest.

In History's training. Needless to say that Frank has the most unbelievable laid back gentle nature.

ahead of him with the cool calm mind he has. Frank served Mia Bambina (for sale) just days before heading off which has not phased him - his training buddy is a filly!

2. We need YOUR help!

We would like to add a 'Frequently Asked Questions' page to our website to answer some of the general questions people may have in regards to sending a mare to stud and / or purchasing a coloured thoroughbred off WCF.

If there are any questions you have in regards to the above we would love to hear.

Second to this we would be pleased to know your main concerns or 'fears' shall we say in relation to same (sending a mare, purchasing a horse etc).

What is holding you back right now from getting a coloured thoroughbred in your equine portfolio? Please email your answers to

sales@winningcoloursfarm.com.au

Your help is greatly appreciated.

3. Free Money & Sale Horse Of The Month

We have a superb sale horse who is also the maternal sire of the month for your con- of Coolmore's sensational If you think she would be perfect for a friend and pass

sideration. This future foal is guaranteed to be a palomino ASB thoroughbred foal.

This future foals' maternal sire is Made Of Gold (USA)

Starspangledbanner. And with all Glacial's Mahmoud blood this should prove a superb nick. Future foal also BOBS eligible.

Her first to run is a first start winner. She is at the bargain basement price of \$6500 with a live coloured foal guarantee, however if she is sold this month we will knock a further \$500 off!!!!

She is a classy mare to produce for race, show and performance.

on this referral resulting in a successful sale we have a \$250 ex gratia payment on offer! Not to mention your friend will love you for it. Ph (02) 63379269.

RIGHT: YOUNG FILLY TB FOAL BY GLACIAL GOLD-WOW!

4. A few video links

A must see:-

Take three and a half minutes out of your life and watch this you tube video of the [amazing white Japanese mare Yukichan](#). Make sure you've got the volume turned up.

If you love colour:

Take a look at Patrick's sire [Painting Freedom](#). Haven't seen a TB free trot so good ever I don't think.

An oldie but brilliant:

Any horse enthusiast will appreciate [this one](#). It runs for 6.5mins so makes yourself a cuppa. It gets best towards the end and cried when it finished. (I was pregnant at the time!!).

OBSTACLES, IT
PROBABLY
DOESN'T LEAD
ANYWHERE"**

5. Greasy Heel.....What's that.

With plenty of rain during the warmer months many horses - and therefore horse owners - are having problems with greasy heel.

I am pleased to announce that not one of our highly chromed horses have greasy heel despite living outdoors and enduring the rain and mud.

It has taken years to get to the level of understanding I

have for this affliction. My years of research and practical experience led me to write my paper on greasy heel that is published on the website.

I am pleased to say that my article has helped horses win at Sydney Royal Show that would have otherwise had to be scratched after suffering with this disease with conventional treatments not working.

ABOVE: PROFILE LOVES RUNNING IN MUD AND NEVER SUFFERS WITH GREASY HEEL.
LEFT: PATRICK'S SEXY HIND LEGS - MUDDY AND NO GREASY HEEL.

6. Roan Matriarch in foal to Honor In War (USA)

We have a bumper crop due this coming season with some new and valuable broodmares.

One being the Matriarch of the roan thoroughbreds, Slip Catch, who is confirmed in foal to Group 1 winning Honor In War

is the 5 x 4 sex balanced duplication of the multiple Group 1 winning mare, Priceless Gem (who defeated BUCKPASSER!). Priceless Gem is the dam of 7 x G1 winning French Horse Of The Year Allez France. Also the dam of Lady Winborne (by Secre-

ported to New Zealand who became champion sire and champion broodmare sire in 1992-1993. Sold in 1970 for world record price of \$395,000. Noble Bijou is the sire of the brindle horse Catch A Bird whom Slip Catch is

(USA) pictured far right.

This breeding was timed for the Northern Hemisphere as we have much interest from USA and Europe for a roan thoroughbred.

It is a sensational pedigree match - one standout point

ariat) who produced 13 starters for 13 winners including 7 stakes winners. Lady Windborne is Honor In War's third dam.

Priceless Gem is also the dam of stallion Noble Bijou (USA) who was ex-

by.

WCF would like to thank "the Messiah of Equine Repro" Veterinarian Jim Rodgers and wife Di for their skills & efforts in the positive pregnancy from this breeding of significant importance.

HONOR IN WAR (USA)

Profile's are Picture Perfect

Profile In Style (USA) is certainly giving his progeny those fabulous good looks. It's so rewarding to have a Profile baby.
