## E Newsletter March 2014

Issue 32, 28th March 2014

[The drought finally broken at Rockley](#)

It's hard to believe the conditions we were in when you see them in the photo as below. Semi trailers (yes, plural!) of haylage we delivered at a time. Below the mares and foals are eating fresh cut lucerne which we were getting baled and feeding out immediately when available in an effort

give them something fresh & green to eat. They loved us for it!

This is the same paddock above as below just six weeks later with some rain applied!

For those still battling these drought conditions I really

do feel for you.

The reprieve this rain has given us financially, as well as physically and emotionally is immeasurable.

Let's hope the wet weather continues and happy days are here to stay a while longer :-)

## A great time at Inglis

Above: Here I am walking Inter Flame around before heading into the sales ring.

Right: Broodmare Taz who is in foal to Glacial Gold (USA), in her stable drying after a wash for the sale. She made \$7700 inc GST which was great buying for this beautiful type & pedigreed mare. Congratulations to KP Thoroughbreds. They've got good taste!

We had a really good time heading off to the Inglis Autumn Sale beginning of the month.

Pleased to say that there were only 7 thoroughbreds out of 110 that fetched more than our entry, which was a mare in foal to Glacial Gold (USA).

The mares are lovely types. My poor photography doesn't show their potential so they look better in the flesh!

In fact all our horses are so much nicer than my pictures portray so if you are in the market for a new horse, don't hesitate to telephone me (Peta 02 63379269) and come and see them in the flesh for yourself. You'll be so glad you did. (Or hound me for better pics!)

## URGENT SALE - Show Galloway

We have an urgent sale of a lovely small Galloway mare in foal to Profile IN Style (USA).

This future foal will be a show horse spectacle and it will be so rewarding having your next superstar right from their first breath of life to have a bond like no other.

Foal will be large Galloway and will be a led horse as well as ridden.

Asking just \$2500 which is well below costs. Please if you know anyone that would be interested in this bargain package forward on this newsletter :-). Much appreciated.

**PLUS:**  
**She can be put in foal to Glacial this coming season for just \$1K fee!**
